

New Jersey Compensation Rating & Inspection Bureau (NJCRIB)

The following information provides the Jurisdiction Claim Number (JCN) DN0005 assignment used by New Jersey Compensation Rating & Inspection Bureau (NJCRIB) for production and test claims.

Production Claims

Format: NJ followed by a 4 digit year (based on calendar year) followed by a unique 6 digit number padded with zeros.

(NJCCYY##### NJ followed by CCYY followed by 6 digits starting with 000001.)

The FROI/SROI EDI files will contain a Test Production Code (DN0104) in the Header Record of 'P'.

NJCRIB assigns JCN's as follows for production data:

RESET: Each year on January 1, NJCRIB will reset DN0005 Jurisdiction Claim Number (JCN) starting with the first file processed on that day.

Note: This is based on the Date Transmission Received of the claim not on Date of Injury or any other field.

Examples:

- January 1, 2013 to December 31, 2013 the JCN will start with NJ2013000001
- January 1, 2014 to December 31, 2014 the JCN will start with NJ2014000001
